DEPUTY CLERK

CASE MANAGEMENT ORDER
REGARDING CERTAIN PROPERTY DAMAGE SUITS ARISING FROM
HURRICANE IDA

On August 29, 2021, Hurricane Ida came ashore near Port Fourchon, Louisiana and wrought destruction a major Hurricane.¹ Hurricane-force winds inflicted damage throughout this Court’s jurisdiction.² The causes of action arising therefrom may sometimes be referred to as “the Hurricane Cases.”³

In the aftermath of these catastrophic natural disasters, this Court recognizes a number of insurance coverage-related litigation linked to the Hurricane. In Act 318 of the 2021 Regular Session the Legislature of Louisiana amended the laws expanding judicial authority related to special masters and mandatory mediation in cases stemming from certain major disasters (“Act 318”).⁴

Act 318 authorizes this court to issue this CMO, this Court finds it warranted to best accommodate the adjudication of Hurricane cases in this Court.⁵ Accordingly, this Court’s aim continues to be the just and expedient resolution of these related matters, in spite of the increased strain on the Court’s resources, and with the primary goal of enabling the St. Helena, Tangipahoa, and Livingston Parish communities to move forward with crucial recovery efforts, in the aftermath of the Hurricane and the ongoing Coronavirus pandemic.

IT IS HEREBY ORDERED that this Case Management Order shall be immediately

³ All causes of action concerning damage related to Hurricane Ida is subject to this Order, including causes of action where the third-party demand or cross claim is a claim against an insurer by an insured due to damage from the Hurricane.

⁴ Hurricane Ida qualifies pursuant to R.S. 13:4165(F)(1). A major disaster declaration was made by the President for St. Helena, Livingston, and Tangipahoa Parishes in Hurricane Ida under FEMA Release No. HQ-21-181. St. Helena, Livingston, and Tangipahoa Parishes qualified for individual assistance for the Hurricane (FEMA designation DR-4611-LA).

⁵ Hurricane Ida ties Hurricane Laura for the strongest hurricane to hit Louisiana and the fifth strongest Hurricane to hit the United States. Act 318 was enacted in the aftermath of Hurricane Laura and this CMO is modeled extensively on the CMO successfully adopted by the 14th Judicial District Court following Hurricane Laura.

applicable to all Hurricane Cases currently pending or hereafter filed in this Court.

SECTION 1. DISASTER PROTOCOLS FOR INITIAL DISCLOSURES

The Court has reviewed the Disaster Litigation Initial Discovery Disaster Protocols adopted by the United States District Court for the Western District of Louisiana, applicable to all Hurricane Cases⁶ and the nearly identical Disaster Protocols implemented by the U.S. District Court for the Southern District of Texas following Hurricane Harvey.⁷ These Disaster Protocols call for prompt sharing of specific information to promote uniformity, to facilitate prompt evaluation of each case, to foster communication between the parties, and to facilitate an expedited mediation procedure.

Accordingly, this Court has adopted the Disaster Protocols attached hereto as Exhibit “A” in the Disaster Protocols Order and makes them applicable to all Hurricane cases filed in this Court. Additionally, **IT IS HEREBY ORDERED that** there shall be an automatic extension of time to Answer in every Hurricane case until the 30th day after service of the plaintiff’s petition. No further extensions of time shall be granted except in exigent circumstances.

Additionally, **IT IS HEREBY ORDERED that** the disclosures and exchange of information required by the Disaster Protocols Order shall be due 45 days from the date that defendant files responsive pleadings. This deadline may sometimes hereinafter be referred to as the “Disclosure Deadline”. Even if the parties agree to further extension of time to file responsive pleadings, the Disclosure Deadline shall be no more than 90 days from the service of the petition unless the extension of the Disclosure Deadline is expressly extended by the written consent of all parties or pursuant to an express Order of this Court to extend it.

IT IS FURTHER ORDERED that each party shall supplement their Initial Disclosures at least twenty-one days prior to any scheduled mediation pursuant to the CMO.⁸

IT IS FURTHER ORDERED that all other discovery is stayed until certification of the completion of the SSP. However, the Special Master may authorize limited formal discovery during the SSP in extraordinary circumstances.

⁸ If the Special Master finds a production under the Disaster Disclosures too voluminous or disorganized to be useful for the SSP, he may require that the Disaster Disclosures be bates numbered and organized with a Table of Contents.

SECTION 2. PRIVILEGE

Documents for which a privilege may properly be asserted include communications that reflect the mental impressions, conclusions, opinions, or theories of an attorney.⁹ However, as recognized by federal courts concerning hurricane cases “Documents routinely prepared in the ordinary course of business, including but not limited to adjusters' reports, and other expert analyses, including draft reports, are not privileged and should be produced.”¹⁰

Therefore, **IT IS FURTHER ORDERED** that any party withholding disclosure of any information or documents, where said disclosure is required pursuant to the Disaster Protocols, shall produce a privilege log to opposing counsel on or before the Disclosure Deadline. This privilege log shall detail all information or documents that it declined to produce on the basis of that the material is privileged. The log should include the author of the document, the recipient of the document, the date of the document, and the nature of the privilege asserted.

Any dispute concerning privileged items shall be referred to the Special Master. If a motion to compel related to the privilege log is filed, or if any other privilege dispute is raised with the Special Master, the disputed items shall be provided to the Special Master *in camera* within ten days. The Special Master or his designated deputy shall provide all parties with a report and recommendation concerning the claimed privilege.

If neither party opposes the report and recommendation within seven days of its receipt then the Court may issue an Order confirming it. If either party opposes the report and recommendation within seven days of its receipt then the report shall be transmitted to the Court by the Special Master together with the *in camera documents*. The opposing party may file a memorandum concerning the report and recommendation within seven days of receiving the report, and any other party may file a response within five days of the filing of the

SECTION 3. SPECIAL MASTER AND APPOINTED NEUTRALS

Considering the foregoing reasons supplied by the Court in the introduction *infra*, the Court finds that exceptional circumstances exist which warrant the appointment of a Special Master to assist with the efficient and fair administration of all Hurricane Cases. Pursuant to the Court's inherent judicial power and its authority under La. R.S. 13:4165, *et seq*, it is ordered that **THE COURT HEREBY APPOINTS CADE R. COLE, ESQ.** as the Special Master for Hurricane Cases in the 21st Judicial District Court.

The Court takes specific notice of his role as Special Master under the CMO for Hurricane cases in other state district courts. The Court anticipates that this appointment and continued coordination with any federal Special Master will encourage consistent resolutions of Hurricane Cases. As part of their appointment, the Court mandates that the Special Master shall proceed with all reasonable diligence and shall exercise their respective rights and responsibilities to direct the Streamlined Settlement Process as provided in this Order.

IT IS FURTHER ORDERED that the Neutrals, referenced in Section 4(II)(B), *supra*, are hereby appointed and shall proceed with all reasonable diligence and shall exercise their rights and responsibilities under the Streamlined Settlement Process ("SSP") as the Special Master may direct.

I. The Special Master

The Special Master shall administer, coordinate, and preside over the SSP. This authority includes the power to order parties and/or party representatives with full power of settlement to submit briefing, engage in discovery, and attend settlement conferences. The Special Master may enter any other order to effectuate the provisions of the SSP, subject to the review and control of the Court.

II. Compensation of Appointed Neutrals

The Special Master, his designated deputies, and all other appointed neutrals under the SSP (the "Appointed Neutrals") shall be compensated in the amount of:

- A. \$400 per hour for the Special Master or Appointed Neutrals;
- B. \$280 per case for the Special Master for administrative expenses in administering, scheduling, organizing, and coordinating the Streamlined Settlement Process for each case amongst the parties as well as with the Appointed Neutrals; and
- C. all actual expenses of the Appointed Neutrals, including but not limited to travel, meeting rooms, telephone, and electronic audio or video conference means.

Unless otherwise directed by mutual agreement of the parties or as otherwise directed by the Special Master, all of the above fees and expenses shall be paid twenty-

five percent (25%) by the plaintiff(s) and seventy-five (75%) by the defense(s).¹¹ A \$500 cancellation fee may be assessed against the responsible party together with any actual time for cancellations with less than two-weeks notice.

IT IS FURTHER ORDERED that \$70 of the administrative fee provided for in Section II(B) shall be added to the cost of filing the petition, collected by the clerk of court, and remitted monthly to the Special Master; and that \$210 of the administrative fee provided for in Section II(B) shall be added to the cost of the first notice or filing by the defendant, collected by the clerk of court, and remitted monthly to the Special Master.

III. Role of Appointed Neutrals

- A. The Special Master and Appointed Neutrals may communicate *ex parte* with the Court when deemed appropriate by the Special Master, at his discretion, without providing notice to the parties, including communication certifying that the parties have complied with the requirements of the SSP.
- B. The Special Master and Appointed Neutrals may initiate contact and communicate with counsel for any party as he or she deems appropriate with respect to the efficient administration and management of the SSP.
- C. The Special Master and Appointed Neutrals, the parties, and those assisting the foregoing shall be bound by the confidentiality of the settlement discussions.
- D. The Special Master may designate any of the Appointed Neutrals to act as his deputy from time to time and to perform any duties of the Special Master.
- E. If an Appointed Neutral reports that a case did not settle due to a party's failure to comply with its obligations under the Disaster Protocols, including the obligation to supplement the Disaster Disclosures at least twenty-one (21) days prior to the mediation, the Special Master may order another mediation and may assess the full cost of the first mediation against the party in violation.

IV. Notice to the Special Master.

Any party to a Hurricane Case may file a motion with the assigned District Judge requesting an opt out from the SSP only for good cause shown within the applicable deadline (*see* Section 4 below). **IT IS FURTHER ORDERED** that any party filing an opt out motion shall copy the Special Master, and that the parties shall provide notice of the Court's Order on the motion to opt out to the Special Master whether the motion to opt out is granted or denied.

IT IS FURTHER ORDERED that counsel for any party to a Hurricane Case that has been provided a copy of this Order shall be required to provide email notice to the Special Master of the initial pleadings and all subsequent filings in any Hurricane Case (knowledge of this provision is presumed where a counsel for the party has been provided a copy of this Order for a case for that party or any other party). The Special Master shall send an Initial Informational Package on the SSP to all parties and/or counsel of record for Hurricane Cases subject to the SSP.

SECTION 4. STREAMLINED SETTLEMENT PROCESS ("SSP")

Within 15 days of the filing of the defendant's responsive pleading (or within 15 days of the receipt of a copy of this Order by the defendant or its counsel, including by electronic

¹¹ In instances where an insurer of an insured has filed suit against the insured concerning a Hurricane case the insured shall be considered the plaintiff for the purposes of the cost split under this order and the insurer shall be considered the defendant. It is generally customary in the event of settlement that a condition of settlement be that the insurer pays court costs and costs of the SSP/mediation.

or other means – whichever is later), either party may file a motion to opt out of this Streamlined Settlement Process for good cause shown. This motion may be decided on the briefs without hearing. Unless the Court authorizes an opt out, then the parties shall participate in the two-staged Streamlined Settlement Process, which is described as follows:

I. First Stage: Settlement Conference

Within 45 days of the Disclosure Deadline in all Hurricane Cases, all parties shall conduct an informal settlement conference (“ISC”) among all parties and their counsel. Within 15 days of the Disclosure Deadline counsel shall meet to confer and discuss a mutually convenient time, date, and manner for the conference. In light of the COVID-19 pandemic as well as the desire to resolve the Hurricane Cases as expeditiously as possible, settlement conferences should be conducted, where possible, by phone or audiovisual communication, including but not limited to Zoom, Skype, or similar platforms.

Counsel for each plaintiff and for each defendant must have full authority to resolve the case from their clients, who shall be readily available by telephone if circumstances for the ISC require assistance.

The ISC shall include a particularized demand from the plaintiff that is itemized by each claimed policy coverage category then known to be remaining in dispute and/or any existing demand for extra-contractual damages that are then claimed to be incurred. The demand shall be submitted by email to the opposing counsel on the form attached as Exhibit “C” at least 72 hours prior to the scheduled ISC.

The attorney for the insurer will conduct a call prior to the ISC with the relevant client representative to ensure the client representative has reviewed the ISC demand. The client representative will inform their counsel concerning additional information requested to evaluate the claim, and their counsel shall convey that to opposing counsel at the ISC or in writing. The insurer shall submit by email to the opposing counsel an itemization of the prior payments awarded by coverage category on the form attached as Exhibit “D” at least 72 hours prior to the scheduled ISC.

The defendant shall respond at the ISC to briefly detail why it does not agree with the demand by category. The plaintiff may request that this response be reduced to writing, and if requested it shall be answered within 15 days of the ISC.

All ISC communications shall be covered by mediation confidentiality. The Special Master may order any particular modifications in this protocol for specific cases, parties, or attorneys.

II. Second Stage: Mediation

Cases that do not resolve during the initial settlement conference shall be set for a formal mediation. The parties shall provide the Special Master written notice (including by email and preferably jointly) of completion of the First Stage along with a request for mediation. The Special Master may assign a neutral within 60 days of the Disclosure Deadline even if neither party submits the written notice. The Special Master shall then assign each Hurricane Case to an Assigned Neutral, and it is the goal that Assigned Neutrals complete mediation within 90 days of appointment. The Special Master (or Appointed Neutral for the case) may set a scheduling conference, or communicate with counsel about availability through other means, but shall seek to schedule the mediations in an expeditious manner at mutually convenient times and dates for all parties. In the event a counsel provides an insufficient number of available dates the Special Master may authorize an extension of the SSP period for that case or may require mediation on a date selected by the Special Master, including on a weekend day.

A. Conduct of Mediation

After scheduling of an agreed mediation, counsel for each party shall submit confidential statements solely to the appointed neutral. The appointed neutral shall determine, after conferring with the parties, on the length of the confidential mediation statements and the permissible number of exhibits attached thereto.

Plaintiff(s) shall be present in-person along with counsel (subject to accommodations approved by the case's Appointed Neutral). Defense counsel shall also attend in-person. A representative from defendant(s) is encouraged to attend, but unless otherwise directed by the Special Master the defendant(s) representative shall not be required to attend if counsel for the defendant has full authority to resolve the case. In addition, a representative of the defendant shall be readily available by telephone, if circumstances for that particular mediation require assistance.

To the extent agreed by the parties and the case's Appointed Neutral, this mediation conference may be conducted by phone or other means of electronic audio or video communication, including but not limited to Zoom, Skype, or similar platforms.

As part of this Streamlined Settlement Process, the attendees may be invited to each make opening statements but there shall be no live witness testimony.

B. List of Neutrals

The Court hereby initially designates and appoints the following individuals as "neutrals" (mediators) for the SSP:

Any person designated by the Special Master after consultation with the Court who is qualified pursuant to R.S. 13:4165(F)(5).

C. Neutral Training

The Special Master may undertake to provide special training to the neutrals, including coordinating participation in training prepared for the Streamlined Settlement Process. The Special Master may form a plaintiffs' liaison committee and a defense liaison committee or may coordinate with any related Federal Court liaison committees for Hurricane Cases. If formed, the Special Master may solicit input and responses concerning commonly occurring legal issues that the liaison committees, from experience, believe may arise in a large number of these cases, along with relevant case law or other authority addressing these issues. While the ultimate determination of any such common issue may well be fact driven, and the outcome of any legal issue will be determined by the Court, the Special Master may seek this information in order to educate and fully prepare the appointed neutrals with the hope of expediting the settlement process. The Special Master may facilitate discussions by and among the appointed neutrals to promote, to the extent possible, consistency in the resolution of cases.

III. *Extensions of Time*

Upon a joint request by the parties, or for other good cause shown, the Special Master may extend any deadline specified in this Order.

**SECTION 5. COURT APPOINTED UMPIRES REQUIRED UNDER
POLICIES**

If an insurance policy implicated in a Hurricane Case provides for court appointment

of a neutral or third appraiser for valuation disputes (hereinafter referred to as an “Umpire”), any request for the appointment by this Court of an Umpire shall only occur if the parties have been unable to agree on their own.

Any request for the appointment by the Court of an Umpire shall be made in writing no later than the deadline for filing of the defendant’s responsive pleading. Any motion or request for this Court’s appointment of an Umpire shall be submitted to the Special Master via email at HurricaneIda@colelaw.us . This deadline may be extended by the Special Master in exceptional circumstances for good cause.

If a requesting party is seeking court appointment of an Umpire and no case is otherwise filed or pending before this Court (an “Umpire Only Filing”), then the parties shall follow the same procedures.

An Insurer is required to provide written notice of the request to any known counsel for the Insured (or directly to an unrepresented Insured). An Insured is required to provide written notice of the request to any known counsel of Insurer (if any) or alternatively to the Insurer’s primary point of contact on the claim with Insured. The appraisers previously selected by each party shall also be provided notice, and their contact information (phone and email address) shall be provided in the request for appointment of an Umpire.

A written report and recommendation concerning the Umpire’s appointment shall be issued to the parties and shall be deemed applicable to the parties in the same manner as if made by an order of the Court unless the report and recommendation is overturned by the assigned District Judge for good cause following a motion opposing the report and recommendation filed within seven days of transmittal of the written report and recommendation. Alternatively, the Special Master may issue the report and recommendation to the Court, and the Court may directly issue an Order concerning the appointment.

In an Umpire Only Filing, the Special Master may provide the report and recommendation to the civil Duty Judge as of the time of the issuance of the report and recommendations. Alternatively, the Special Master may issue the report and recommendation to the parties in the same manner described in the paragraph above. If any party objects to the report and recommendation in an Umpire Only Filing then it shall file a formal petition concerning the underlying dispute within seven days and the case shall be assigned to a judge in the usual manner for a decision concerning the report.

IT IS ORDERED that the appraisers appointed by the parties are required to complete their work and submit any disputes to the Umpire no later than 60 days following the first Initial Disclosure Deadline under this Order (105 days following the filing of the defendant's responsive pleadings). The appointed Umpire shall issue his report no later than 21 days from the submission of the dispute to the Umpire. This period may be extended by the Special Master upon a showing of good cause.

SECTION 7. CLERK OF COURT AND NOTICE

A Plaintiff filing a Hurricane Case should note on its cover letter, in **ALL CAPS** and **RED FONT**, that the matter is a "HURRICANE CASE". Each caption and on each pleading, "HURRICANE CASE" in bold print shall follow the docket number. If the Special Master learns the Order has not been entered by the Clerk of Court, he shall serve it on the parties by email and may file proof of the same into the record at no cost.

In all subsequently filed Hurricane Cases, a copy of this order shall be served on the defendant(s) along with the Petition and Citation. The Clerk of Court shall include a reference that the Case Management Order is served with the Petition in the Citation issued. The Clerk of Court shall also provide a copy to the plaintiff by any authorized means.

The Clerk of Court shall transmit via email, at least weekly, to the Special Master the docket numbers, case caption, and attorney contact information for any Hurricane Cases filed.

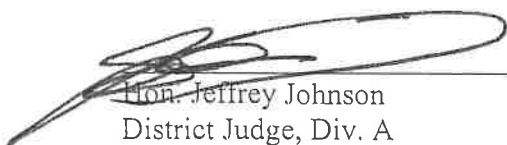

Any party making any filing or submitting any memoranda in a Hurricane Case subject to this Order shall serve a courtesy copy on the Special Master in the same manner as enrolled counsel via email at HurricaneIda@colelaw.us.

SECTION 7. COURT SUPERVISION

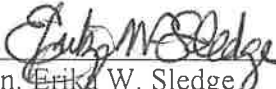

The Disaster Protocols and Streamlined Settlement Process shall, at all times, be subject to the ultimate control and supervision of the Court. This Case Management Order for Hurricane Cases is subject to modification pursuant to further orders of this Court. All provisions of this Order shall be applicable to all cases whether then pending or thereafter filed.
